

Wall-Mount™ Air Conditioners, 1 Ton

- Rotary Compressor
- Aluminum Fin/Copper Coils
- High Pressure Control
- Full Length Mounting Brackets
- Built-in Rain Hood/Top Rain Flashing
- Barometric Fresh Air Damper
- ARI Certified
- UL & CUL (Canadian) Listed
- Optional Telecommunication Control Module J
- Limited Warranty Policy

1 Ton Wall-Mount™ Air Conditioner Technical Information Link

1 Ton Series Wall-Mount™ Air Conditioners	
Nominal Cooling Capacities ¹	11,100 BTUH
Electrical Options	<ul style="list-style-type: none">• 115-60-1• 230/208-1-60
Electric Cooling Efficiency	9.0 EER ² 10.00 SEER ³
Electric Heat Options	Ranges from 0 KW to 5 KW
Ventilation Options	<ul style="list-style-type: none">• Barometric Fresh Air Damper• Blank Off Plate• Economizer
Internal Control Options	<ul style="list-style-type: none">• High & Low Pressure Switch• Compressor Time Delay Relay• Low Ambient Control• Alarm Relay

1. Capacity is certified in accordance with ARI Standard 390-2003 and tested in accordance with ARI Standard 210/240-2003.
2. EER = Energy Efficiency Ratio and is certified in accordance with ARI Standard 390-2003.
3. SEER = Seasonal Energy Efficiency Ratio and is tested in accordance with ARI Standard 210/240-2003.
